

Hello everyone to the 16th edition (Week 9), of the NLLB Activities Packet!!!

This weeks theme, Dr. Seuss!! It's his birthday this week so we're going to celebrate him a bit. Also, you may notice that a few things in here are a tad recycled. There are a few reasons for that. 1) I liked them, and wanted to use them over again. 2) I started a new job this week, so I've been adjusting to a new schedule, and I may be switching jobs in another week anyway, but we'll see.

Other than all that, I hope you're all doing well, and enjoying the new improved Activities Packets. I'm having a blast thinking up stuff for them, but the recipes are getting a bit hard with my rule of "only things I have made will be on the website" clashing with my "I'm broke" life, lol.

Fun Fact of the Month:

March's Birthstones:

March has two birthstones, not unlike some of other months. Aquamarine is the first birthstone for the month, which symbolizes youth, health, and hope. Bloodstone, which looks very different from aquamarine, is a type of quartz known for its fiery flecks of red, representing strength and stealth.

Cupcake Liner Flowers

You will need:

- 1 Regular Cupcake Liner
- 1 Mini Cupcake Liner
- 1 Green (or colored) Popsicle Stick
- 1 Large Sticker Rhinestone (optional)
- Crafters Tape, or Elmers Glue
- Scissors

Step 1:

Start by picking your colors. One large and one small cupcake liner. Flatten them out a little bit so they are easier to fold. They don't need to be completely flat, but you will want to stretch and flatten them just a little bit.

Fold the cupcake liner in half, then in half again, then again, and then one last time. You'll be folding the cupcake liner in half **FOUR** times like the picture, so you will end up with eight petals. Repeat the steps with the mini cupcake liner as well.

Step 2:

Using a good pair of scissors, carefully cut a curve into the cupcake liners. Make sure you cut the curve low enough to give you a distinct petal shape when you open it up. If you didn't cut low enough, just fold it back up and cut again.

Step 3:

Unfold the cupcake liners. Gently shape the liners so the bright and bold color side is facing forward. Attach the smaller liner to the bigger liner using crafters tape or glue.

Step 4 (optional):

Add a rhinestone to the middle of the flower.

Step 5:

Fold a piece of construction paper in by about an inch and a half. Then cut two leaf shapes on the fold.

Step 6:

Use crafters tape, or glue, to attach the leaves to the back of the popsicle stick, then attach the popsicle stick to the back of the flower. Also if you want you can glue a clothes pin or magnet, or both, to the back of the flower and use then in other places.

Writing Prompt:

Talk about a time when you did something nice for someone. What did you do? How did it make you feel? Has someone done something nice for you lately?

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.
